GRAY

#ffffff	#000000	#a8a8a8	#a9a9a9	#a9a9a9

I have chosen gray-1 as it has a balance between the color contrast that adds elegance and the feeling of a premium app. I have chosen gray-2 and gray-3 because they represent stability, trust, power, and sophistication. Gray-4 and gray-5 are used for other shades.

TYPOGRAPHY

I have chosen Montserrat as the Sans Serif typeface for Femizh's User Interface. Sans Serif typefaces are considered to be perceived as "modern", "clean", "simple", "friendly", "open", "neutral", "objective", "practical", "functional", "reliable", "safe", "trustworthy", "accessible", "friendly", "approachable", "efficient", "clear", "simple
